

The Masterclass

Script for Masterclass

Your inclusion into the Society is monumental and life-altering. Nothing you have ever seen or heard of can prepare you for the amazing life you'll soon be living.

Our Society is the most secretive society on the planet. Our unseen name is derived from Latin and it literally means "imperial," "powerful," and "lordly."

Since our inception in the U.S. over 250 years ago, we've lived by the Society's deepest secrets...delivered in a secret masterclass that passed down over the generations, not unlike the epics. And it has the power to transform you from poor to rich, from sickly to robust great health, from love-lorn to a Casanova overnight!

By tapping into the deepest secrets of this highly-coveted generational masterclass, you'll be able to predict future events with absolute certainty, 'see' stock prices rise and fall before they happen, and 'control' games of chance like poker or your favorite sporting event. Imagine the cash that comes rolling into your pocket with that kind of foresight!

This highly-coveted, secret masterclass catapults you to Level II in the Society, the rarified air where the real power players in the world reside.

Let me ask you...

What would you say if I told you that a highly-guarded secret exists that actually allows you to create your own destiny in every way imaginable? An unparalleled masterclass that allows you to enter into the inner circle of our Society with those who can literally control their future...

You might laugh at such a notion. But let me assure you, this is not a joke, not a con in any way. As fantastic as it sounds, it's true! In fact, at this very moment I'm talking about the most incredible masterclass in human history.

I can tell you with complete honesty and the utmost sincerity that it has steered me and all the members of our select society into a life we never could have even dreamed of. And it lies at the heart of our power at the Society.

It's all due to the secret knowledge within this masterclass. It's our 'bible,' the vision we live by every day. It is quite literally the power behind the throne, so to speak.

There are only 3,927 (and *deliberately* slowly increasing) fortunate individuals in the entire world who possess it. As you might imagine, this secret masterclass is as closely guarded as anything in the world.

They are strictly limited to the major players on the world stage today. A veritable who's who of the *crème de la crème* of society.

Global politicians, power brokers, business moguls, A-list celebrities, intellectuals, scientists, and the movers and shakers who

reside on the top rungs of society don't go a day, don't make a move without this secret knowledge.

These are the major players who do more than make an impact. They bend events, situations, opportunities to their advantage. They acquire money, riches, love, and prosperity at will, without so much as lifting their little finger. It all just flows to them *automatically*.

It is your key to Level II and a brand new reality. Once you learn these amazing secrets, you too will attract anything and everything you desire.

The secret webinar is the ultimate insider's circle. It's a restricted area that is hidden from the world. No words can adequately describe it. From the very first moment, you will feel its power.

As you might expect, the secret webinar has a secret society look and feel, befitting a meeting of this kind.

This knowledge has been passed down from generation to generation helping whomever possesses it to untold wealth and privilege beyond all measure.

Rare jewels, coins, prime real estate, gold, and even oil – all the driving forces of wealth and power you can dream of – pale in comparison to this amazing knowledge.

Your personal webinar is housed in this invitation only – a vault for safe-keeping. In your webinar lies the wisdom of centuries combined with an amazing foresight that will help you predict the things to come. And it's all right there at your fingertips in your personal webinar.

Permit me to give you one startling recent example of the power of the secret webinar:

It has to do with the late, great Steve Jobs. In his biography, it was said that Jobs literally lived in a 'reality distortion field.' He created the world around him and everything else conformed to his view.

In his presence, reality is malleable, pliable, and can actually be bent according to his will. He could convince anyone of practically anything at any time.

And to everyone's amazement, he did it over and over again – from computing to music to phones.

But is that really possible to alter reality at your whim? While most people think it's not possible, even for Steve Jobs, some scientists aren't laughing. Instead, they're conducting experiments at this very moment to determine the validity of it.

Two things, however, are certain: Steve Jobs, through the sheer force of his will, made things happen. And he was in possession of those incredible secrets contained in the webinar.

Now, let me tell you *my* personal story with the secrets contained in the webinar: Before the secret knowledge, I was feeling miserable, like a complete failure. I had absolutely no idea what I was going to do with my life.

In retrospect, I deserved it. You see, at the time, I was a bit arrogant and I thought I didn't need anyone or anything. It cost me my

job and almost my entire career. I was cocky and too smart for my own good.

But doing it 'my way' didn't work. Instead, it backfired, my loss of confidence stung bad. It was then that I realized I didn't have all the answers. But lucky for me, I knew exactly where to go to get them. You see, the Society had found me.

I attended the secret webinar. And in about the first 30 seconds, I not only knew where I went wrong, but what I could do to change the outcome. I could literally make sure that I would triumph.

Right there in the very beginning of the webinar, I discovered history's greatest kept secret to winning wealth, power, and love.

I'm sure you've wondered why most people live and die in mediocrity, living a drab, dull, suppressed life, and never experience prosperity? These people feel there's "something wrong" but don't know exactly what is wrong. Or what to do about it.

The Great Secret to winning wealth, power, and love comes down to two words. When I heard them, I was transfixed. It was like shining a light into a darkened cavern. Instantly, my whole world was lit up. Two simple words burned their way into my consciousness.

In that very moment, I understood very clearly how all people – everyone on the planet – can become rich, including the poor and destitute. How ANYBODY and EVERYBODY can achieve ANY goal, ANY dream.

The Great Secret was used by the Founding Fathers. It has been used by Presidents, by the richest people who have ever lived, by Kings and Queens, business tycoons, sports stars, Hollywood A-listers, and legends in every field of endeavor.

Sadly, most people die as they lived, in anonymity, their dreams unrealized, never knowing the exhilarating feeling of true wealth and prosperity, success and happiness.

But more importantly, the Great Secret saved my *future*. It allowed me to forge a new destiny for myself, to control and manipulate events and people for my advantage.

I have never felt such exhilarating...power! I KNEW with complete certitude, without a shadow of a doubt that I would rise to the top echelons of power, and ride the wave into the pages of history.

I never lost again. And I went on to the heights of personal power.

I was fascinated but also humbled. I barely scratched the surface and already the secret webinar was paying life-altering dividends. Right there and then, I realized the awesome power that secret knowledge can wield.

Here's the awesome power that will be at your fingertips when you get your personal training in the secret webinar:

•**See and predict future events.** Cash in on stock prices, new technology, and casino gambling anywhere in the world, even during personal or financial hard times, depression and war.

•**Not only predict, but actually control your destiny** and the events around you with 100% assurance. Promotions at the snap of your finger, exciting romance with just a glance.

•**Become many times richer by doing absolutely nothing.** Attract wealth and prosperity using only the power of your mind.

•**Banish disappointments,** negativity, emotional and physical pain from your life once and for all.

•**Create an invincible, impenetrable aura** that will attract men and women of influence to invest in you.

•**Make any man and any women admire you,** hang on your every word, and cater to your every whim.

•**Experience the life of luxury** you've always dreamed of. A huge gated mansion, a fancy sports car, first-class exotic vacations all over the world, and even your own private island!

By the time you've experienced the first 20 minutes of the webinar, you'll know the secret to making \$5,000, \$10,000, even \$100,000 cash in ONE MONTH!

The day I attended my secret webinar, I felt a tingling sensation all over my body. At first I didn't know what it was. I even thought I could be coming down with a cold.

But this was different, unlike anything I had ever experienced before. I had the strange notion that something big was coming to me. I didn't think it...I knew it for certain. And I was tingling with anticipation.

Finally, on the third day, I went to my mailbox and got the shock of my life! In it was a check for over a hundred-thousand dollars. My heart was pounding out of my chest! Coincidence?

It turns out that it was from a long-lost bank account that belonged to my grandfather. It had somehow fallen through the cracks and now it was mine!

From that day on, money just flowed to me. I was like a giant magnet, attracting money from all over. Sounds incredible, but it's true!

The secret knowledge continues to multiply my wealth exponentially.

But let's face it, I have been talking mostly about material things and the accumulation of wealth. That's all well and good. But it's not what's really important in life, is it?

The secret webinar is your guide for your ENTIRE life, not just for your financial health, but for every aspect of your physical and mental well-being too.

•**Master the power of your mind.** Vanquish bad habits and addictions. Lose weight, stop smoking, build a fantastic body that others will envy – using just your mind.

•**Experience true bliss.** Go to another level to find solace, peace, perfect happiness and unbounded joy each and every day. Embrace passionate romantic love.

•**Render powerless any person who seeks to harm you** or disrupt your plans – in business and in romance.

•**Live a life fulfilled.** Never look back and wonder what could have been. Experience the best life has to offer.

•**Gain what I call the omnipotent, omniscient eye of a Greek God.** Feel all-powerful, all-seeing and see what others cannot.

•**Learn to NEVER fail.** Avoid pitfalls, traps, roadblocks, and bad wishes by jealous people.

•**End frustration forever!** Rise from the ashes and live the life you deserve.

I want to pause right here to make a very important point. I can't stress this enough. Everything – and I mean everything – I have just told you and am about to tell you must remain between you and me. As members of our elite fraternity (female inclusive!), both of us are now duly sworn to keep an air of secrecy about the secret webinar and the power it holds.

Now comes a word of CAUTION. A great power is looming over you. It is a power that extends far beyond our earthly powers on this tiny planet. Once in your possession, you will break free from the mass of humanity that walk this planet.

You'll assume an honored seat at an ultra-elite club whose members literally control the destiny of millions of ordinary people.

I hope it helps you to know that I believe in you. That's why you were selected for membership into the Society in the first place. You have the intellect and the iron will to master and put to great use all the explosive powers that will be bestowed upon you.

So if all this is a bit daunting, you can rest assured that you are up to the task at hand. We will be there to make sure of it. As your mentors, we will guide you every step of the way.

You might be under the impression that the amazing secrets of the secret webinar are written in difficult or coded language. You might be wondering that you'll have trouble trying to grasp all the astounding inside secrets.

Nothing could be further from the truth.

On the contrary, everything is presented simply and clearly. But here's the real genius behind the secret webinar: Once you attend it, you'll absorb every single secret AUTOMATICALLY.

The secret webinar transforms your mind, increases its power five or six fold. The average IQ is about 95. Our members function at the level of geniuses.

They didn't all start out as geniuses. The secret webinar increases the power of your mind almost beyond measure. Ideas that go over everyone else's head will seem incredibly simple to you. Concepts that are the exclusive territory of Mensa® members will be remarkably clear the first time you hear them.

As I said, you'll be able to 'see' with a power that's beyond mere sight and sound. Go beyond your normal scope of knowledge. The 'big

picture' will be laid bare before you. See through the eyes of geniuses. See through the eyes of the mega-rich!

Just like your Society peers, every possibility will be laid out in front of you. Like a giant jig-saw puzzle, you just snap the pieces together and the answers form before your eyes.

You'll no longer read, see, hear or even think in the traditional way ever again. You'll think instead of the 'grand scheme of things'. See the world differently than you ever have before.

Let's take the case of the great physicist, Albert Einstein, as an example. His 'big picture' idea was to reveal that time is not universal. It runs differently for the observer. This single, powerful, incredibly amazing thought changed everything. It led to atomic energy, the moon landing, GPS devices, and more.

It was all made possible when this simple patent clerk turned to this secret knowledge.

Warren Buffet, the billionaire investor, is another 'genius' who knows how to make money better than almost anybody else in the world. They don't call him the "Oracle of Omaha" for nothing! When he speaks, everybody listens. And then does as he does.

Buffet has the unique and amazing ability to see the big picture, see the future, if you will. And his investment strategy pays off in millions and millions of dollars in profits year after incredible year.

He beat the market on the other guys on a daily basis, in good times and in bad. Why? Because he uses this secret knowledge.

Most important is the fact that the secrets literally become second-nature to you. You don't even have to think to recall them. When confronted with a particular situation, you will INSTANTLY know the right thing to do. You won't have to give it a moment's thought. It all comes naturally.

What's easier or better than that?

The secret webinar enhances you, boosts you in every way possible.

•**Multiply the power of your mind 400 times.** See a future for you that's as bright as the blazing sun!

•**Square your income exponentially.** \$20,000 becomes \$400 million. You'll find out how.

•**Dream it, then live it.** Think of what you want – money, love, fame – and it will appear like magic!

•**Discover your true calling.** Find what every person is searching for, but almost nobody will find. Except you.

•**Become enlightened.** Beyond knowledge. Beyond wisdom. Where intellectuals will seek out your advice.

•**Win the respect of others instantly.** People from all walks of life will fight to be in your company.

Once these secrets are yours, you'll be flush with financial and emotional wealth that will last you a lifetime. And it will occur with a

swiftness and ease that you'll find quite remarkable and all-together stunning.

Many new members ask me 'why are these secrets hidden away from the rest of the world?' 'Wouldn't it be a much better planet if everyone could use the power inside the secret society...inside its upcoming webinar?

Regretfully, my answer is 'no'. The truth is, we will never release this power beyond our own Society insiders.

The reason is simple. There's an old adage that says that 'great power belongs in the hands of the very few.' It's so true.

To illustrate what I mean, let's take a look at one of the most important issues of our time – nuclear weapons. There are eight or nine countries that possesses them (not all are verified). By and large, these countries would never even dream of using them unless they were attacked themselves.

Now there are a few countries in the world – namely Iran – that we are working very hard to prevent their development of these weapons.

Why? Because they are ruled by those supreme leaders who might indiscriminately start a world war. Fueled by hatred and an overwhelming sense of power, they could end up endangering virtually everyone on the planet.

We can't and won't allow it to happen.

It's the same with our secrets. There will be individuals who will misuse these powers for only their own good. Greedy, narcissistic people who think only of themselves. They wouldn't dream of using their powers for the greater good, to help others who are less fortunate.

You are not one of those people. It is one of the main reasons you were vetted and chosen for the Society and why we've decided to open the door of secrets to you.

I know you will use it to help others too. Your selflessness is well known to us. We know that you will share your wealth and good fortune to make others' lives easier. Not only with your own family, but with what we call the 'human family,' total strangers you might pass by on the street.

Your kindness and beneficence are qualities that not many people possess. But they are the characteristics we look for in order to welcome you in our inner circle. And I'm glad to say that you possess them in spades!

Once these hidden secrets are laid bare, you'll always have a bounce in your step, a smile on your face. You'll be confident, happy, ready to face each day with the knowledge that you'll keep growing, professionally, materially, emotionally, and spiritually. And you'll be able to tackle any situation and make it come out your way, no matter how adverse or difficult.

•You'll know when to roll 'em and when to fold 'em. In a game of poker and in the game of life, which is much more important?

•Almost immediately, you'll master sporting events and games of chance. You'll predict with an uncanny accuracy who will win – and when!

•**Know how to invest financially and romantically for big wins.** And when to get out to avoid big losses or a broken heart.

Let me give you another quick example of how much power I have...and you will soon have. A year ago, I attended a championship boxing match. Before the opening bell rang for the first round, I looked up at the giant scoreboard. I not only saw who the winner was...but I also saw the exact round when the fight would end!

Naturally, I announced my 'predictions' to my guests. As you might assume, they laughed and we made a few friendly wagers. In the third round, the fight suddenly ended with a big right hand from the underdog.

My guests were in shock and awe! They couldn't believe the fight ended exactly as I predicted. They patted me on the back and congratulated me for being one lucky son-of-a-gun. They didn't know about the power of the secrets. And I was not at liberty to tell them.

The power to see things that others cannot, the ability to read people and events makes everything in life crystal clear. There is no more lamenting that "I'm missing out on the good things life has to offer." For the first time, your life will be complete and fulfilled. All you'll feel is joy at every passing moment.

I've talked about your power growing exponentially.

•**10 miracles that will transform your life in 15 seconds.** And they work instantly.

•**Slim down to a body others will envy.** No cravings. No exercise. No foods to avoid. No willpower.

•**Become a genius.** How to unlock your creativity to think pictures, not just words!

•**Unlock your hidden creativity.** You know it's there, and you sense it.

•**Live as a VIP.** Pampered every step of the way!

•**Soar with the power of a God-Man.** Rise above the life of mere mortals and live in an exciting new realm.
