

IMPORTANT! Inside the "Greatest Secrets of All Time" booklet enclosed lies a SECRET MESSAGE. If you uncover the secret message, you'll come upon wealth and fame. However, if you do not discover it, you will absorb it when you read the booklet. And within two weeks, **3 very good things will happen to you involving money, power, and love!**

Dear «Parsed First Name»,

I first heard your name 7 days ago, just after you ordered your enclosed Greatest Secrets booklet.

I've been waiting to write you this letter ever since.

Once you read these pages, I think you'll understand my excitement and agree this is a momentous day. In fact, I'm so confident what I share with you today will *change the course of your future in the best possible way*, I'm willing to bet you'll soon classify your life into two phases. Everything that happened prior to today... and everything that happens from this moment forward.

There's no other way about it. Trust me. Over the years that I've occupied this prestigious role, I've sent carefully selected people a letter just like this. I see these people often now. Whenever I do, they inevitably reminisce that when they got this letter, they also got a **big, new life.**

So I say with utter conviction... you could soon be richer, healthier, happier, and filled with more joy and satisfaction than you ever thought possible...

And when you look around at your new reality and can't believe *how fast* life changed after reading my words today... you too will look back at today as the turning point.

Before we go any further, let me be upfront: I sent this letter after you ordered our Greatest Secrets, enclosed. **You and I, however, have never met and you don't personally know me** (although unless you've lived in isolation for the last 40+ years you most certainly know *who I am*).

That said, someone I know believes you're the EXACT kind of person who should get one of my letters. That's how I first learned about you. I'm unable to reveal this person's identity (yet), but I can say she holds you in the highest regard. *That's why you're receiving this letter.*

It's also why I'd like to **send you to something of immeasurable value for free** with no strings attached. You see...

There has existed for many years an exclusive association - a secret society - of some of the world's most famous and powerful people

Renowned movie stars and musicians, leading scientists and intellectuals, philanthropists, global business executives, self-made entrepreneurs, millionaires and billionaires, artists, professional gamblers, Casanovas, generals and statesmen. Many of these people you'd

instantly recognize.

Over the centuries, this association has uncovered some shockingly powerful secrets. They share these secrets only amongst themselves.

To be clear: these are no ordinary secrets. With them in your possession, great abundance flows to you, automatically and constantly. The reason these secrets are extraordinary is they harness *universal laws* of money... health...power...influence... attraction...and more. In fact, these secrets are what brought the members of our association the prosperity, success, and admiration they enjoy.

«**Parsed First Name**», I hope you're sitting down...

Someone you'd never suspect is a member of our circle and recently selected you to become one of us. And we will now introduce your enclosed Greatest Secrets Revelation booklet for money, power, health, love, and more!

You've probably got questions already... *What is this mystery society? Someone I know is a member? Will they choose me? What happens now? How can these secrets be so powerful?*

We'll get there, I promise. I asked the same questions...

Fifty-seven years ago a letter like this arrived in my mailbox.

It said I possessed hidden potentials and in a closed-door ceremony, *someone I knew nominated me* to join this underground society. I was flattered, excited... yet skeptical.

But not everyone who ordered their Greatest Secrets booklet gets my letter. You did, «**Parsed First Name**». Just as I did fifty-seven years ago. Starting the next day, my luck changed so completely, so inexplicably... it defied reality. I thought God must be guiding me, giving me special powers!

«**Parsed First Name**», **you do not know our identities (yet).** But you already know *who we are*. We're the rich, famous, and powerful – the crème de la crème of society. These secrets are our Sacred Text – both our legacy and the source of our outrageous fortune.

Yes, today we are the rich and famous, the best and brightest. Yet almost all of us grew up in humble circumstances and lived ordinary lives before these secrets changed the course of our lives. Starting today, your future changes too.

«**Parsed First Name**», let me be blunt. Elevating people like this is WHY our organization exists: *we seek out those who haven't been given the chance to realize their ENORMOUS potential... and then raise them up to extraordinary new heights.*

We are the Society

There's a Latin word for us that means "imperial," "powerful," "lordly," and "magisterial." Many consider us the most powerful organization in the world. Period.

Never heard of us? Good! That's how we want it. You'll learn our clandestine name in time.

We go to great strides to ensure our anonymity. Few people besides our members and inductees (like you) know we exist.

You should feel special right now: *less than 1% of the people whose*

names come across my desk become members. This is how we guarantee only those with vast untapped potential and total discretion become members.

Be proud. Few make it through this selection process. You did, «Parsed First Name». That's why you got my letter. Those before you consider this day - the day they received this letter - the luckiest day of their life. I do. You will too. And you will reap rewards you never thought attainable. All our needs and wants - wealth, power, romantic love, admiration, and happiness - have been realized. We want this for you.

Why we chose you...

«Parsed First Name», I'm about to share some sensitive information about the Society and its members. This information is TOP SECRET and cannot be seen by anyone else. Thus, I reiterate: this letter is marked **"FOR YOU ONLY, «NAME»."**

See... I'm writing you because I'm bound by an oath I made years ago to personally notify each "Class of 2025" nominee of their selection into the Society.

I wish I could tell you who I am. But we're forbidden from disclosing our identities to non-members (including nominees yet to accept their invitation). You may learn who our members are after replying to this letter.

What I can tell you is I was born poor. For much of my life, misfortune followed me like a black cloud. Yet today, I reside in the upper echelons of wealth and power. My "rags to riches" story is known worldwide. If you own a TV, listen to the radio, browse the internet... you'll see me in the headlines.

Under ordinary circumstances you'd never dream of receiving something from me.

These aren't ordinary circumstances. You were chosen to join the most prestigious secret organization in America. That's why I sent you our Greatest Secrets Revelation Booklet and invite you to our exclusive live masterclass absolutely free.

«Parsed First Name», **has it sunk in yet?** You've been nominated to join the most exclusive private organization ever created. Our official formation dates back to the Industrial Revolution, when men like John D. Rockefeller and Andrew Carnegie built modern-day America. Informally, we existed long before that - since our republic was born 250 years ago!

And when you accept our invitation, I'll immediately award **a gift of immense value** to you...free of charge. And you are not obligated in any way.

The secrets I sent you and will bring to life in the masterclass are unlike anything you've ever seen.

They're so powerful, they border on supernatural. With these secrets, «Parsed First Name», you can succeed anywhere - financially, emotionally, personally, physically, socially, and romantically. **ANYTHING YOU WANT.** And it happens easily, effortlessly, and automatically.

Simply read them once and they unlock subconscious powers you never realized you had. You won't believe how fast your life can transform once these dormant abilities are awakened. Not in a year or months - within less than a week when you attend our masterclass, no charge as you were

chosen to join us.

I know what you're thinking, "This can't be real. It must be some kind of scam." Let me assure you: this isn't a joke, a hoax, a come-on or a con. I've nothing to sell and you commit to nothing to get this **one-of-a-kind gift**.

This is my GIFT to you, «**Parsed First Name**». It's free. No hidden costs or catches. You're NOT obligated to anything. Not now. Not ever.

On the contrary, this is about what we, **the Society**, can do for YOU, «**Parsed First Name**». It starts by sharing **our Greatest Secrets**. You **deserve them**, «**Parsed First Name**». **Then we make them come to life in your masterclass this Thursday at 6:00pm East Coast time (3:00pm West Coast).**

I hope I got your attention now: you will soon be in possession of the **best kept, most powerful secrets** in the world. No one else on Earth knows them, or even that they exist. The only people who've ever seen them are members of the Society.

These secrets have been passed down from generation to generation. They attract abundant money, power, status, happiness, health, and love to you – like moths to a flame. And I'm going to send you to our Greatest Secrets masterclass **FREE of charge to make your Greatest Secrets Revelation Booklet come to life**. Why?

«**Parsed First Name**», you earned this even if you don't realize it.

Every year our members nominate someone they know to join us. The guidelines are simple.

We must feel the person we nominate has *vast untapped potential*... that they can achieve greatness... and that they're open-minded enough to allow our secrets to bring that greatness to them.

Perhaps you feel that doesn't describe you, «**Parsed First Name**».

Especially if you've always *just scratched by* or believe your destiny is an average one.

I understand why you'd feel that way, but someone in the Society feels differently. This person believes there are oceans of potential flowing inside you. That's why she nominated you!

This is also why our Greatest Secrets will be revealed to you once you accept this invitation. So you can see that with the proper guidance, you can unlock hidden abilities you never knew you had... and watch firsthand how fast life improves once these special secrets in your possession all come to life in this Thursday's webinar at 6pm East Coast time (3pm West Coast).

«**Parsed First Name**», have you ever wondered HOW certain individuals become wealthy, famous, and prosperous beyond measure? It's not luck.

It's not that they're smarter than everybody else. It's something else. The fact is, their success results from these secrets.

Secrets I hope to pass on to you, «**Parsed First Name**», if you accept our invitation today.

«**Parsed First Name**», **I know you could use more money**, for yourself but also to give those closest to you a better life.

Your **FREE Greatest Secrets Masterclass** contains secret information that

could put big bucks in your pocket - \$5,000, \$10,000, even \$100,000 cash - in months or even weeks!

No one outside the Society has ever seen this highly profitable, money-making information. It's the sort of myth the general public *suspects* to be true... but could never prove. It's NO myth, «Parsed First Name». These money-attracting secrets exist and they have the potential to put mountains of cash in your pockets.

But there's more to these **Secrets** than financial gain.

They apply to every aspect of life.

From the moment you lay your eyes on them, you'll know exactly how the beautiful people in the world stay that way. How the influential continue to dominate. How the movers and shakers set the pace for everyone else.

You'll also discover the truth about **staying young and energetic**, into your 80s, 90s, and beyond. Not possible? Look at Warren Buffett, the "Oracle of Omaha." At age 95 he's still the foremost investor on Earth. When he talks, the world listens.

Or how about Betty White? She maintained her world-renowned energy and enthusiasm right up until she passed at age 99! These stars stay active and relevant, sharp as nails, and healthy long past the time when ordinary folks give up.

How do they do it? They learned **these secrets**. Say "YES" today and join us this Thursday and lasting youth could be yours too.

«Parsed First Name», have you heard the old saying that a small but elite group of about 3,000 people control the world?

While somewhat exaggerated, I can assure you a small but powerful group of individuals does control many of the world events you see unfolding in the news.

We are the Society. Join us this Thursday and wield power and influence that knows no bounds.

This is important because after all these years, «Parsed First Name», you probably never thought you'd get a break. I promise you: everything changes... starting now. **Doors will open.** And you'll take your rightful seat as a member of the most powerful secret organization on Earth.

«Parsed First Name», there's a story I heard years ago that I believe to be true. It involved the great physicist, Albert Einstein.

Believe it or not, he was caught in a love triangle.

It's been said that after years of failure, **once in possession of the secrets**, Einstein finally cracked the theory of relativity and uncovered the most famous equation in history, $E=mc^2$.

What isn't well known is Einstein had a vigorous and unusual love life. It was a bit scandalous: Albert wanted to divorce his wife and marry his mistress.

Initially, his wife refused. But Einstein had a plan. He promised to give her the winnings from his Nobel Prize. She agreed without hesitation.

Here's the shocker: this happened in 1919. Einstein didn't win the Nobel Prize until 1921! He knew in his heart he'd change the world and win the Nobel. *How did he know?*

He was armed with the secrets, the same secrets you will uncover this Thursday! They transformed him from ordinary citizen into the most famous, respected man on Earth!

In fact, Time Magazine named him "Person of the Century." Not too shabby for a patent clerk.

I mention this story for two reasons.

First and foremost, it illustrates the power of these secrets. Imagine knowing - as Einstein did - that anything you desire is certain. These secrets are that special.

Second, Einstein's story proves it doesn't matter who you are or your station in life. Anyone and everyone can soar with these secrets. Including you.

You'll fear nobody because you'll be comforted by your rich new friends. You'll have the confidence to boldly take advantage of any business situation or personal relationship.

Let me assure you... once in possession of your secrets, lasting prosperity is yours.

Your success snowballs. Powerful people approach you. The respect and admiration others have for you spreads like wildfire. **And your wealth and power could grow exponentially.**

Imagine - you sit next to someone at a restaurant and start talking. Turns out this person is a multi-millionaire with homes all over the world. You become friends. Opportunities flow to you like never before because money begets money.

If you think it's not possible for you... As I mentioned, many of our members rose from poor beginnings to attain every dream they ever dreamed (and more). They too thought they'd "topped out" in life.

Remember «**Parsed First Name**»: this is the entire reason the Society exists. **To seek out and elevate those who haven't been given the chance to realize their ENORMOUS potential.** Over this past week, you've been chosen because we KNOW there's more in store for you. I've ZERO doubt: with these secrets you too will achieve your heart's desires.

These secrets saved my life, «Parsed First Name».

As I said, I'm forbidden from revealing my name in this letter. However... you know my face. You know my name. You know my accomplishments. I'm blessed with all the wealth, power, sex, and authority I'll ever need.

My life is now a fairy tale, yet I was born into extreme hardship. My father was a coal miner. Three weeks before my birth, the mine exploded. He died instantly.

My mother had no education, no job, and no way to support a family. So she left me with my grandparents while she studied nursing up in New York. When WWII broke out, she spent 2 years in England tending the wounded.

When she returned, she married a guy who drifted into town while the other men were off fighting. He was a coward. He preyed on our desperate circumstances and conned Mom out of what little money she had. When she had none left to give, he beat her within an inch of her life.

She left him the day she got out of the hospital. I was happy to never

see that snake again. But he left us poorer than ever.

While we endured this string of misfortune, we did so together. Somehow... we survived.

I dreamed of attending law school. It was a long shot. As you'd expect, growing up like that I didn't get much schooling. But then again, Mom taught me to dream big.

One day, I got the shock of my life. In the mailbox was a letter (like the one you're reading now). Someone I knew was a member of a private society of the rich and powerful... and *nominated ME* for membership. I thought it was a mistake. But this letter explained that although I had nothing, the members of this secret organization believed I belonged at the top, right alongside them (like we believe YOU belong at the top with us, «**Parsed First Name**»).

Become a member of the Society, it said, and I'd be rewarded with their universal secrets. An exact blueprint of foolproof tips, techniques, and shortcuts that would bring me an abundant new life.

Like an invisible hand, they swore to guide me through uncharted waters so I could overcome any obstacle, face any challenge and turn it 100% in my favor.

I could have what few people in the world possess: universal secrets of wealth, power, influence, attraction, and success that dated back *generations*.

This was surprising, completely opposite to scratching and clawing through life.

Naturally, I looked a gift horse in the mouth. **It sounded too good to be true. I tucked the letter away in my desk.**

Normally, I would've tossed it in the trash. But SOMETHING made me save it.

It gnawed at me for days! Then one morning, walking along the stream near our cottage, a revelation hit me like a 10-ton truck...

Someone in **the Society** - someone *I knew* - felt I was special enough to join this exclusive society. Who was I to say no? This was my calling, my big chance. I wouldn't get another.

What was there to lose? It didn't cost anything and obligated me to nothing... so why not study my **Greatest Secrets** booklet like the one I enclosed for you, «**Parsed First Name**», in this envelope, then see what happens when I went to the FREE local meet-up (there was no Internet or Zoom meetings back then!)

That might not seem like much, «**Parsed First Name**», but it really impacted me. I felt... different. Empowered. For the first time in my life. I had a feeling - deep inside - that I was no longer destined to die in the mines like my dad... that soon the world would be at my feet.

What a moment! It was as if that invisible hand I mentioned reached down and pointed the way to my true destiny. Was it a higher power? A sign from above?

A few days later, I went to the local meet-up...I actually think it was a Thursday! The secrets booklet I had read suddenly came to life! I took

action and made a quick buck in the stock market. A small \$100 investment turned into \$10,000 practically overnight. I was stunned. I suddenly had money for law school.

Since then, I've been on the yellow brick road. After law school, I rose to the pinnacle of power. For a time, many considered me the most powerful man alive.

Of course, there are setbacks in life. When I faced hardship, I used the secrets. Incredibly, I emerged stronger and more prosperous than ever! You too will overcome all the challenges and all your enemies who don't want you to be rich and successful.

Everything I have today, I owe to the secrets and my decision to accept the invitation that arrived in my mailbox that fateful day.

Look «**Parsed First Name**», deep down, you always knew you were destined for more than you've gotten out of life so far. Right? Here's your chance to apply some incredibly easy secrets to acquire money, power, love in ALL situations. Be at the meet-up on Zoom this Thursday, and watch the Greatest Secrets enclosed come to life!

Whatever it is – the stock market and other investments, your career, your co-workers, business, politics, personal and romantic situations, health, even games of chance like poker... Read these secrets once, allow them to soak into your subconscious mind, attend the Thursday meet-up, and you'll have the knowledge to succeed every time.

One more point «**Parsed First Name**», that I can't stress enough: These secrets are all based in science. It's a proven scientific method tested on thousands of people. It works almost 100% of the time!

Everyone says the only two "sure things" in life are death and taxes. Those of us in the Society always laugh at this notion. We know that **these secrets** are the third "sure thing" and you can take them to the bank again and again.

Allow yourself to imagine how you'd feel with money in the bank (more cash than you've ever dreamed about), power to influence others to do your bidding, romantic love abounding, luck that sticks to you like glue, the respect of everyone in your town, even fame (if you want it) that others envy.

This is a new "beginning point" in your life, «**Parsed First Name**». All the heartache and disappointment fade away. And you start anew.

You're entering the most important phase of your life – where everything you want flows to you.

It's called Receptivity. Ever notice that almost everyone who's made it in life – politicians, businessmen, investors, anyone – went through loss (even those born into good circumstances)? Whether they got fired from a job, cheated on by a spouse, ended up broke, disillusioned and disappointed... they all say suffering is what led them to the top. That's because Receptivity can ONLY occur after struggle.

You've been through a lot, «Parsed First Name». I know it wasn't easy. But you're now ready for true Receptivity. You're older and wiser.

You're not judgmental or negative. You don't feel sorry for yourself. You're determined to succeed, if only given a chance.

That's why this is the opportunity you've waited for, «**Parsed First Name**», **an opportunity that could change everyone who's close to you too.**

Say YES to exclusive membership in **the Society**, come to the masterclass this Thursday, and your life changes instantly. We'll immediately reward you with making your enclosed **Greatest Secrets come to life absolutely FREE.**

Before you make your decision, «Parsed First Name**»,
I must ask one thing of you.**

When I joined the Society, there was one caveat. That caveat still stands today...

Every member of the Society must pay it forward by eventually nominating someone they know to join us. This person must have the potential for greatness, even if they don't realize it.

That's how you got this letter, «**Parsed First Name**». It's how I got mine all those years ago. Someday someone you know will receive theirs. *And to be clear: if you wish to know who nominated you, accept this invitation now.* For reasons I'm sure you understand by now, I'm unable to give out the names of our members to anyone in the general public - including nominees like you.

Beyond this, the Society has no agenda. We'll never ask you to do anything out of the ordinary. Our members have wealth, power, love, and authority. We exist simply to help each other gain even more.

From humble beginnings, we've all risen together. Our only desire is to continue this legacy - helping good people move up and reap the rewards they rightfully deserve.

So when you reach the top and your dreams are reality, we only ask that you nominate another deserving person, so he or she can realize their potential too. It can be anyone - a family member, a friend, a colleague, a neighbor.

You know what? You'll discover this is the greatest reward of all. It's great to go from the poor house to the penthouse, from paycheck to paycheck to vacation houses and yachts.

But nothing compares to the feeling you get helping someone else get up off the floor. Someone who's struggled - especially someone you love! And you're there to give that person not a handout... but a hand up! A chance to grab the ultimate prize of money, love, and prosperity instantly. And here's the key - automatically.

«**Parsed First Name**», I've told you everything I can about the Society and our Secrets. Will you accept?

The question comes down to... do you believe, «Parsed First Name**»? Do you believe you deserve it or not?**

If you do, you must reply immediately. Your FREE masterclass to make your enclosed Greatest Secrets come to life has been reserved exclusively in your name for this Thursday. If you don't register your invitation will be withdrawn.

There are other secret societies that are only talked about in whispered conversation. Perhaps you've heard about **Skull & Bones**, the Society of Yale University. Founded in 1832 and referred to as the "**Power Elite**," no official rosters were published after 1892.

It's rumored that President George H.W. Bush and his son, President George W. Bush, are both members of Skull & Bones.

Senator John Kerry as well. And it's believed the CIA was started by eight Skull & Bones members. Of course, nobody will ever confirm any of it.

Impressive, but they're a country club compared to the power, success, and influence of **the Society**.

For nearly 250 years our members have flourished.

Enriched their lives in every way, becoming more prosperous, more relaxed, more confident, more in control of themselves and others. And blissfully happy, living life the way it's meant to be lived. Even during pandemics, inflation, recession, depression, war, uncertainty. It's for this reason I believe membership in the Society is **more important now than ever**.

It's time, «**Parsed First Name**». Go to the QR Code and its FREE Membership Certificate now, join our esteemed ranks, and get our life-changing **Greatest Secrets Masterclass FREE** as our welcome gift.

So to ensure your Receptivity phase is realized, sign up today on your FREE Membership Certificate via the QR Code. **I'll prepare your Greatest Secrets Masterclass to make the secrets come to life, FREE.**

One final point: In case you're wondering if our members ever meet, the answer is YES! Not long after joining us, you'll be ready to meet with us. Imagine coming face-to-face with the person who nominated you and **thanking her** for the new life she helped give you!

Plus, you'll make friends with other important members that'll enrich your life even more.

I LOVE these get-togethers! The highlight for me is always when new members are introduced to celebrities they've long admired. Some stand transfixed, unable to move or utter even a single syllable. Their reaction is priceless! But you'll be surprised how quickly everyone settles in and becomes "one of us."

Keep in mind: the moment you accept this invitation, you're on equal footing. Everybody in attendance has the same stature in life. You, me, and everyone else are members of perhaps the most powerful organization on Earth. Our only aim is to *support* one another. You'll be welcomed with

We are an organization that thinks fast and moves fast.
